ABDULLAH SABIR

Front End Developer

03126116557 • mailk1abdullah892@gmail.com • https://abdullah-portfolio-lovat.vercel.app/ • Karachi, Pakistan

Summary

Front-End Developer with a strong foundation in web development technologies including HTML, CSS, JavaScript, and React.js. Skilled in building responsive and interactive user interfaces using React.js, and experienced in integrating Firebase for backend services and real-time database management. I have recently completed my intermediate studies and am currently working towards becoming a MERN stack developer. Passionate about creating seamless user experiences and constantly learning new technologies to enhance my skill set.
